FCBA certifies the conformity of the product described above, under the conditions set out in the general operating rules for FCBA certification under the NF mark and the NF Parquets Mark reference system.

The current version of these documents and the list of companies and products under certification are available on the website: www.fcba.fr.

This certificate is based on continuous monitoring and cannot prejudice any changes or decisions that may be taken during the year. Only parquet strips whose bundles or packaging bear the NF Mark may be covered by this certificate. Product marking must comply with the current NF Parquets standard.

(In case of litigation, only the French version of the present certificate is the authentic text)
